VIDEO PRODUCTION DIRECTORSHIP ADRIAN COLLEGE

CERBERUS STUDIOS

Cerberus Studios has been very busy during the last several months! The club, which includes Film Studies, Graphic Design, and Theater majors has swelled to over 25 members! Last year at this time the group consisted of just eight members! The group made massive strides by completing their first short film "Followed" late in 2025. The film was screened at the inaugural "Watch-Dog Media Showcase," an event that will take place at the end of every semester to highlight video productions on campus. In addition to completing their first short film, the group also contributed to the continued production of "Sov.er.eign.ty" a feature length documentary, and hosted a visit from Kyle Stratton, a Michigan based cinematographer.

FOLLOWED

Followed is an 11 minute short film written and directed by film studies major, Syllas Montgomery. The film crew shot in October 2025 at multiple sites in Monroe County, Michigan. After premiering at the Watch-Dog Media Showcase the film was submitted to several regional film festivals in hopes of further public screenings. The film will soon after be available for public viewing.

WATCH-DOG MEDIA SHOWCASE

The Watch-Dog Media Showcase was conceptualized by Cerberus Studios as an opportunity to celebrate the hard work completed by members of the club and other film studies students throughout the semester. At each event, Cerberus Studios and Capstone students present their work in Downs Hall for the entire AC community. The inaugural event saw a great turnout and positive responses, making clear that there is an appetite to make the event a tradition moving forward.
